# FOLDABLE CATERING CART

## EMA-FCC-01

The folding catering cart may be the ultimate means of transportation for your service items. The folding trolley occupies a minimum of space when stowed.

E-M-A Ltd. could supply a variety of folding trolleys in different designs and sizes that meet all your requirements.

The standard folding trolley features three shelves. The trolley handles easily and is equipped with hand-operated brakes, based on E-M-A Ltd. patent. The folding trolley includes a lightweight aluminium frame and shelves with a high pressure laminate finish. The dimensions of the trolleys, as well as the number of shelves, can be customised to your specific requirements.
